

Concrete Mixer

Ref. 08.BM

Concrete Mixer

Ref. 08.BM

The 08.BM is an attachment that optimizes the utilization of the carrier, allowing you to mix concrete, wherever and whenever, it is needed in three simple steps: load, mix, unload.

The 08.BM is highly recommended for the construction and repair of streets, sidewalks sewers, curbs, and gutters.

The 08.BM can be coupled to mini-loaders, excavators, wheel loaders, backhoes, and/or telehandlers.

As an option, a hydraulically opened grill is available.
