

DEMO PRO™

Built For Full Size Skid Steer Attachments

SKU: 400250

Your go-to solution for organizing and storing full-size attachments in the construction industry. Engineered for maximum strength and durability, this robust storage system is designed specifically for professionals who demand efficiency and versatility in their work.

Heavy-Duty Construction: Crafted to withstand the rigors of demolition, forestry, and land clearing tasks, the Demo PRO is built to accommodate large, heavy-duty attachments without faltering.

Versatile Storage: The Demo PRO provides ample space to securely hold:

- 1 Grapple Bucket or Other Large Attachment on top
- 1 Tree Puller, Hydraulic Breaker, or Stump Bucket inside
- 1 Standard Skid Loader Bucket
- 1 Set of Pallet Forks

Game-Changing Design: Revolutionize your workflow with a storage solution that consolidates your essential attachments in one place, ensuring that you have everything you need at your fingertips.

Easy Access: Enhance your operational efficiency with a layout that allows for quick and easy access to your tools, minimizing downtime and maximizing productivity on the job site.

Whether you're involved in intensive demolition, forestry projects, or land clearing tasks, the Demo PRO is designed to meet the demands of your work environment. Make the smart investment in your operations and experience the game-changing benefits of the Demo PRO today!
