

MINI-EX 6T™

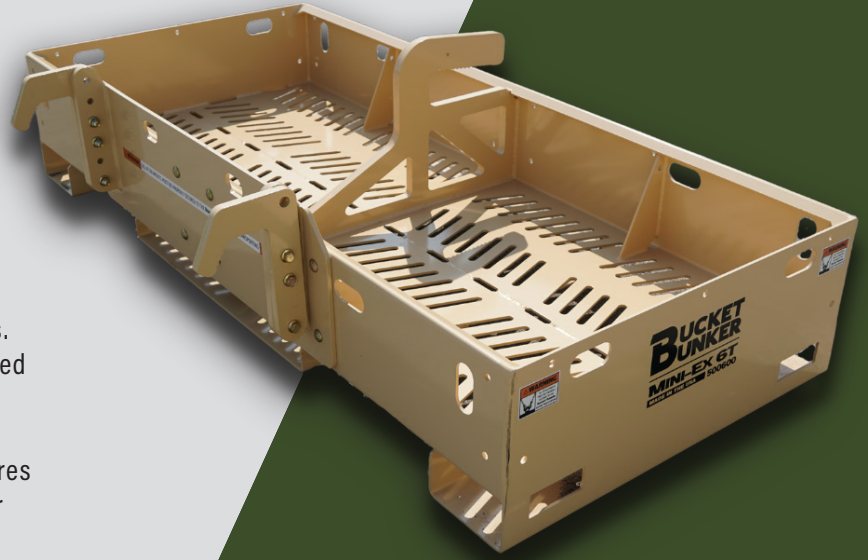

Built for 6-Ton Mini Excavator Buckets & Attachments

SKU: 500600

The Mini-EX 6T is Bucket Bunkers® first and only attachment rack designed specifically for 6-ton mini-excavators. It lets you carry all your essential attachments in one convenient and easy-to-use unit. No more loading and unloading multiple attachments. With the Mini-EX 6T, you can move everything you need in one trip!

The Mini-EX 6T is simple to use and versatile. It features a sturdy bucket Hook that allows you to lift and lower the bunker with your bucket. You can also use the bucket hook to attach the bunker to your blade for secure transportation around the jobsite.

The Mini-EX 6T is a must-have for anyone who owns or operates a 6-ton mini-excavator. It will save you time, money, and hassle on every job with convenience and efficiency you wonder how you ever did without. Order yours today and see why Bucket Bunker® is the leader in attachment solutions!
