

⚠ WARNING

Do not exceed the rated operating capacity of your vehicle. The addition of an attachment adds a substantial amount of weight to the end of the dipper stick. Verify that the vehicle has sufficient lifting capacity, in each of the different vehicle positions, to safely operate the attachment.

Please fill in as many fields as possible.
Additional information and photos are strongly appreciated.

What make, model, & model year
is your vehicle?

Which Danuser attachment
would you like to use?

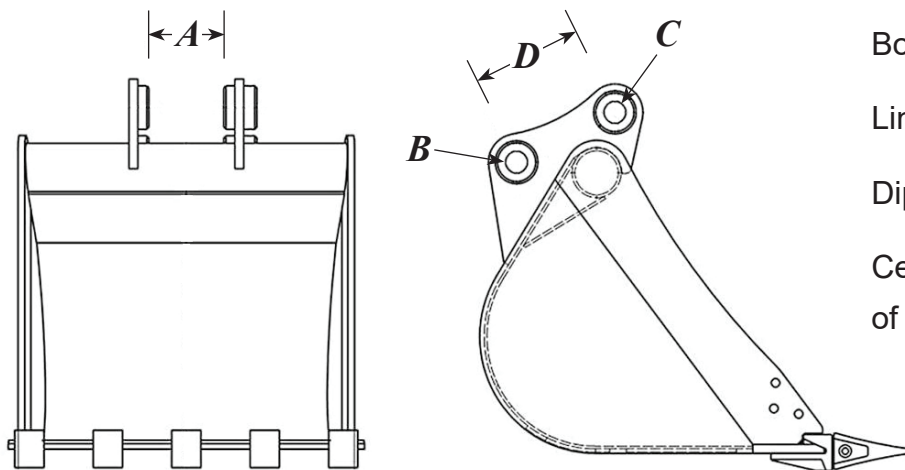

Quick Coupler

If your vehicle uses a quick coupler, answer the following questions.
